Morning Coffee

10:40 - 11:20

Future Of Custody Technologies - DLT implementation Across Financial Services And Continued Alliances To Enhance Service Offerings

11:20 - 12:10

What are the top emerging innovative technologies and investment instruments transforming the industry? Which ones excite the most? How could we use the new technology to improve the traditional banking industry? Which projects are progressing and how far today? Is the growth of FinTechs removing the differentiation of custodial offerings as they offer utility platform approach? How to Build out DLT technology capabilities to streamline clearing and settlement processes – and reduce risk?

Paul Maley, Deutsche Bank | Estelle Roiena, Digital Asset | David Rebibo, HSBC | Andrew Wright, Thomas Murray | Philippe Laurensy, Euroclear

---

Opportunities In Digital Assets and Digital Custody: Tracking The Modernisation Of Standard Custody Offering To Attract Assets/Clients

12:10 - 13:00

How will traditional assets and tokenized assets relate to each other? Will they compete, substitute and/or complement each other? How do and will digital strategies impact the competitiveness of custodians going forward? Is there an opportunity to go beyond securities into more broadly custodying new digital asset types (i.e. NFTs etc)? And finally, what is the role of the sub-custodian in crypto world?

Seamus Donoghue, Metaco | Philip Brown, Clearstream Banking S.A. | Radoslaw Ignatowicz, Raiffeisen Bank International AG | Archie Stebbings, Oliver Wyman | B Duve, BNY Mellon
