SPECIAL GUEST SPEAKER - John Volanthen: Managing Risk — Keeping Calm In A Crisis

15:10 - 16:00

John takes his audiences on a remarkable and unforgettable journey, deep into the Tham Luang caves of Thailand where he and his diving partner finally located the missing young soccer team and their coach in the summer of 2018. Volanthen's gripping multimedia presentation follows the process the divers took to search for, find and help guide the boys to safety in a complex rescue that many believed would end in tragedy. Drawing on his thirty years of civilian cave exploration, diving, and rescue work, he shares the lessons that are key to performing under high-pressure and amid great uncertainty. Lessons he believes anyone can learn to lead with calm, focus, and certainty in any situation.
