

TNF Asia Meeting 2022

14 - 15 Nov 2022

Poll results

What is the first thing that comes to mind when you hear “Digital Era” for Network Managers?

New tools/approach (e.g. remote working) for due diligence

Reduced use of paper/original documentation

New asset classes (i.e. digital assets, crypto currency)

New ways of operations, issuance and post trade settlements

New ways of instructing transactions and receiving information

What do you think will be most important to realize the potential of the “Digital Era”?

Agility and new ways of working

New regulations

New skillsets for Network Managers

Increased technology investment

Investor adoption of digital assets and/or crypto currency

What impact do you expect the Digital Era will have on due diligence (thinking back to pre-COVID practices)?

Less need for in-market due diligence

 7 %

Existing level of in-market due diligence can cover changes from the Digital Era

 5 %

Continued level of in-market due diligence but with a different focus

 60 %

Increased level of in-market due diligence whether more people involved or more frequent market visits

 28 %
